After-sales
support team

1

Single team
from start to finish

Free site survey · Free quotation · Multi-brand options to fit your budget

You focus on production. We take care of your IT.

INFOSYS TECH (THAILAND) is a One Stop IT provider for industrial factories and enterprises, based in Bang Pa-In, Phra Nakhon Si Ayutthaya. We source genuine IT products from leading global brands, and our engineers design, install and maintain the systems that keep your plant running — networks, CCTV, power backup, servers, video meeting rooms, computers and licensed software.

Why factories choose INFOSYS TECH

True One Stop

One point of contact from design and sourcing to installation and after-sales care.

Genuine & warranted

Products from 180+ leading brands through proper channels, with complete paperwork for purchasing.

Multi-brand, budget-fit

We are not tied to one brand — we offer tiered options so you choose the best value.

We know factories

Experienced with Japanese, Chinese and European plants, parent-company standards and IT audits.

Close by, fast on site

Our Bang Pa-In office is minutes from the main estates in Ayutthaya and Pathum Thani.

Zero line disruption

Installations planned for holidays or off-shifts, and fully tested before handover.

Industries we serve

Electronics / PCB

Automotive & parts

Semiconductor

Food & beverage

Chemicals & plastics

Warehousing / logistics

Service area

 Ayutthaya · Pathum Thani
(Navanakorn) · Saraburi · Prachinburi ·
Rayong / EEC

What factories call us for most

Factory Network & Wi-Fi

LAN/fibre cabling across lines and warehouses, with a Wi-Fi heatmap survey before installation.

Cisco · Aruba · Ruckus · Huawei

CCTV & Access Control

Wide-area CCTV with clear playback, plus access control and firewalls for cyber protection.

Hikvision · AXIS · Honeywell · Fortinet

UPS & Power Backup

A power dip stops the line. We size 1-phase and 3-phase UPS for server rooms and critical machines.

APC · Schneider · Vertiv · CyberPower

Server · Storage · Backup

Servers for ERP/MES, NAS backup and a tested recovery plan for when things fail.

HPE · Dell · Lenovo · Synology · Veeam

Microsoft Teams Rooms

Meeting rooms that just work — meet your overseas headquarters on day one. Dozens of rooms delivered.

Logitech · Poly · BenQ · Microsoft

Machine Vision / Visual QC

Code readers and inspection cameras that cut defects and manual checks on electronics lines.

Hikrobot · NVIDIA · AI Solutions

IT products for business

- Desktops · Notebooks · Workstations
- Printers · Scanners · Peripherals

- Licensed software · Microsoft 365 · Antivirus
- Network devices · Racks · Cabling

Selected brands we supply and install

Cisco · Aruba · Fortinet · Huawei · Hikvision · AXIS · APC · Schneider · Vertiv · HPE · Dell · Lenovo · Synology · Veeam · Logitech · Poly · Microsoft · BenQ
